

CLANED®

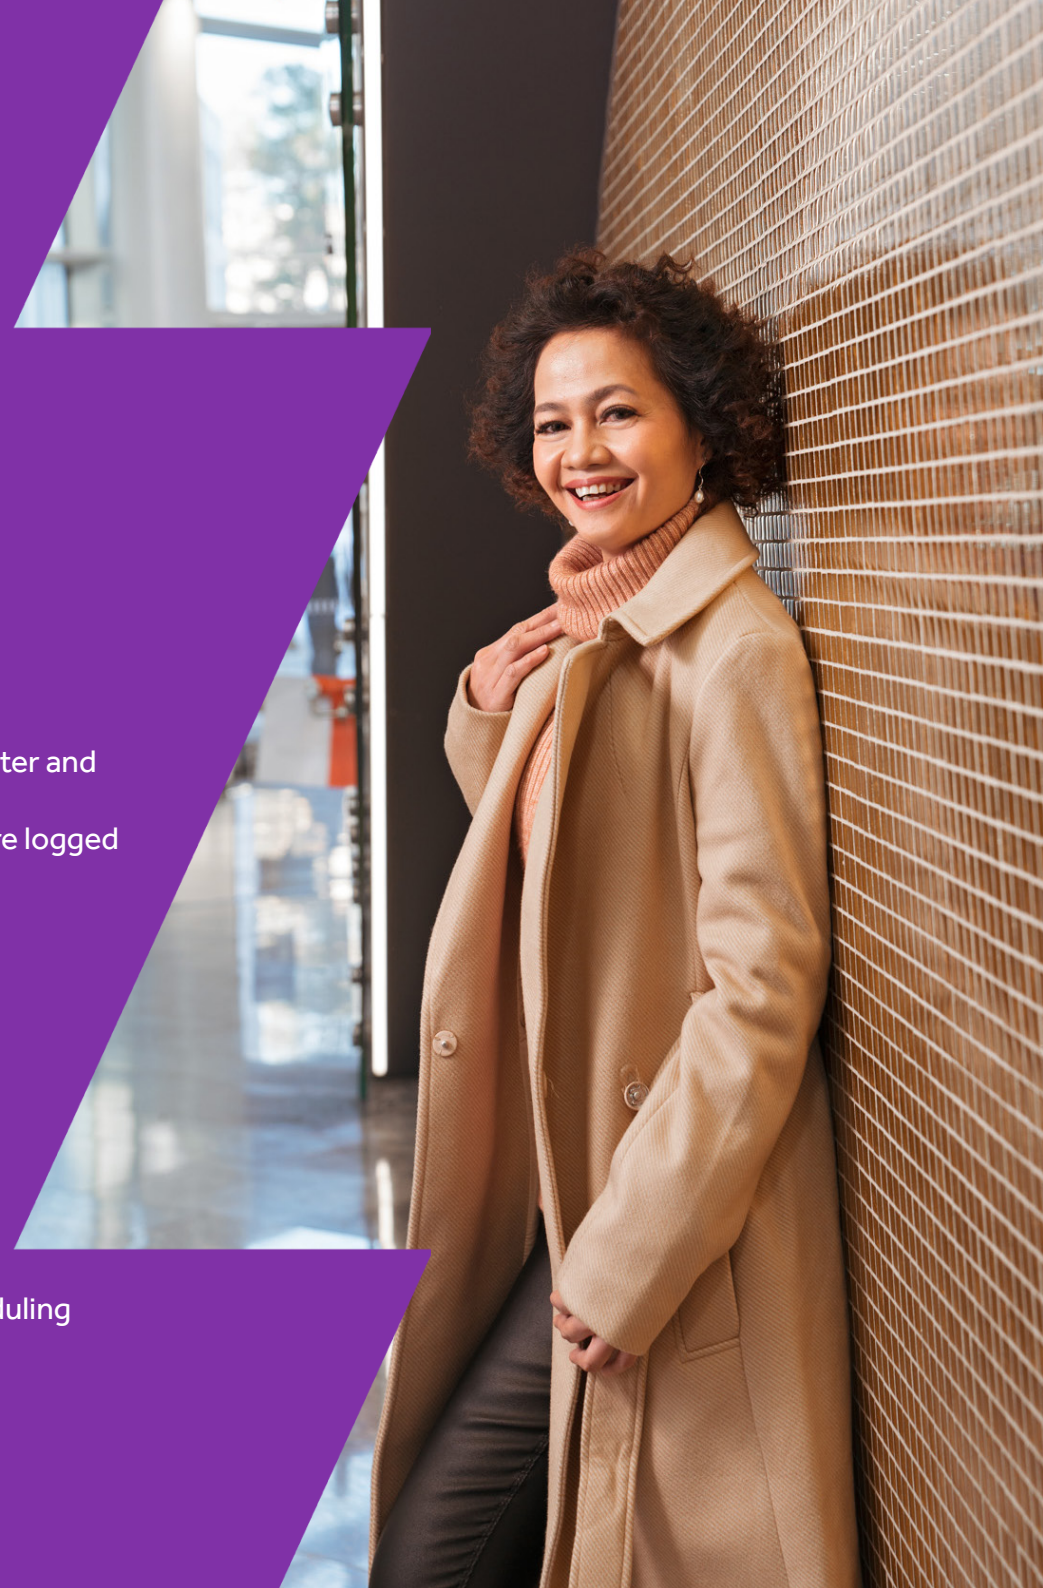

The digital learning environment

What is Claned?

- A digital learning environment that you can use anytime, anywhere.
- Offers a range of courses to help you develop your self-awareness and your job search skills.
- Easy-to-use, web browser-based service that works both on your computer and on your mobile.
- No need to register or log in => you can go directly to Claned, when you are logged in ForeAmmatti.

For whom is Claned designed?

- In principle, for all customers in the Kuopio employment area who have access to ForeAmmatti.
- Claned is easy to use and all open courses are accessible with basic digital skills.
- The courses, which are open to all, are designed for independent work, so completing the courses requires self-motivation and self-driven scheduling of your studies.

What can I study in Claned?

- There are a variety of online courses supporting job search. You will learn for example how to use TyöNavigaattori's services, and you get to know your rights and responsibilities as a registered jobseeker.
- You will also get tips on, for example, self-awareness, deepening your job search skills, writing your CV and job application as well as for succeeding in job interview. You will also get tips to find hidden jobs, using social media to find a job and networking.
- For international job seekers there is also information for example about Finnish work life and work culture.

What are the benefits of using Claned?

- You can study courses supporting your job search on your own without registration or a predetermined timetable.
- You can use Claned, wherever and whenever you need it, when it suits you the best.
- You can pick the contents that are most relevant to you, or complete all the courses - choice is yours.
