APPLICATION FOR DAY CARE AND
REGISTRATION FOR PRE-SCHOOL EDUCATION

Euroopan unioni
Euroopan sosiaalirahasto

This form is only an example form. You must fill in the Finnish language form when applying for day care and registering for pre-school education.
Recipient date. / 20

The application for day care must be submitted 4 months prior to the desired start date of care at the day care centre where the day care place is primarily applied for, or for the area's family day care advisor. If day care is needed because of employment, studies or training and the start day is not foreseeable, the day care place is arranged within two weeks if possible.

Form sections including: Child's personal details, The family's other children under 18 years, Address, Personal details of the guardian and spouse, Marital status / family relations, Form of day care and the desired location of day care or pre school education, and Additional information.

I hereby confirm that the information given above is correct and give my consent to check it.

Date and signatures

____ / ____ 20 ____
Guardian Spouse

The day care centre manager or the family day care advisor must be notified of changes in the family's circumstances. Documents related to the child's day care and information entered into the electronic system form a person register referred to in the Personal Data Act. The register explanation can be viewed at all day care units. (1.2009)
